

PEACE TREATY READY FOR GERMANS MARCH 20

RAINBOWS GIVEN SAILING ORDERS

Distinguished Division Will Embark From French Port in About Thirty Days.

PERSHING SENDS NEWS

War Department Announces That Under the Schedule the Troops Should Arrive in New York About May 1.

Washington, March 11.—The war department has received a cable from General Pershing saying he has issued orders for the Forty-second (Rainbow) division, of which the 151st field artillery is a part, to prepare for embarkation. This would indicate that the Forty-second may be expected to sail between April 10 and 15, as the average period between such orders and embarkation has been one month.

Under the schedule as announced the Rainbow division should reach New York by May 1. The Victory Loan campaign will probably start April 21 and continue to May 10. Consequently it may be possible the division can participate in the campaign.

No formal plans for the reception of the Rainbows have been announced. Begin Entraining April 1.

Coblenz, March 11.—The Forty-second American division (The Rainbow) the first division of the army of occupation to start for home, will begin entraining for Antwerp April 1. Orders to this effect have been received from headquarters. It is estimated that about a week will be required to transport the entire body of men and their equipment from headquarters on the Rhine to Antwerp. All the locomotives and cars to be used in the transportation are to be of American make, the commanding officer desiring to use American cars because they are larger than the French or German.

The original plans were to take the homebound division down the Rhine on boats and have them board transports at Rotterdam, but this plan was changed.

Rotterdam is to be used as the base of supplies for the Third army, which, it is announced, will begin arriving by way of the Rhine river. The Thirty-sixth division is expected to leave Antwerp for home during April but no definite date has been mentioned for the departure.

BRITAIN CHANGES ATTITUDE

Willing to Sink Its Allotment of the German Navy.

Paris, March 11.—A change in the attitude of the British government regarding the plan to sink interned German warships has been noticed since the return of Premier Lloyd George to Paris. It now appears probable that instead of the German craft being sunk, Great Britain will be willing to permit France and Italy to keep some of the ships, but will consent to sink her own allotment.

In this way, it is said, Great Britain would relieve the United States of the necessity of carrying out her projected great naval building program.

BITTERLY ATTACKS COURT

Eugene V. Debs Defies Federal Supreme Justices.

Terre Haute, Ind., March 11.—"I defy the supreme court to do its worst," declared Eugene V. Debs in a formal statement on the upholding of his conviction on an espionage charge by the supreme court. "I told the court when I was convicted that the law was despotic and have not changed my mind in the least. I am not concerned with what those bepowdered, bewigged corporation attorneys at Washington do."

POKER WINNINGS TAXABLE

Ruling Affects Devotees of American National Game.

Washington, March 11.—Business losses of gamblers, moonshiners, bootleggers and other participants in illegal practices are deductible from gross incomes in determining net income subject to tax. The internal revenue bureau decided the question in passing inquiries from professional gamblers in Chicago, New York, Boston and other cities and from a lone query of a former moonshiner in the south.

RUSSIAN PRISONERS ESCAPE

Five Thousand Run Away From German Prison Camp.

Berlin, March 11.—While soldiers who had been called to suppress rioting in Spandau were absent from the Ruhleben camp, about 5,000 Russian prisoners made their escape. The Russians now are wandering about the country.

SIR GEORGE R. ASKWITH
British Industrial Chairman Elevated to Peerage.

Elevation to the peerage of Sir George Rankin Askwith, chairman of the industrial council, has been announced.

LONE BANDIT LOOTS BANK

Locks Cashier and Clerk in Vault and Escapes With \$4,000.

Milwaukee, March 11.—After a pistol fight in the woods near Silver Lake, lasting half an hour, the bandit who robbed the Silver Lake bank, was killed.

Kenosha, Wis., March 11.—A lone bandit held up the Silver Lake bank at Silver Lake, a suburb near here and escaped with \$4,000 in cash. The bandit drew his revolver and forced the cashier, William Schlecht, and clerk, Charles Dean, into the vault and then locked them in and rifled the safe. He made his escape on foot.

FROWNS ON GERMAN OPERA

New York Mayor Orders Police to Prevent Performance.

New York, March 11.—Mayor Hylan took decisive steps to prevent singing of opera in the German language at the Lexington theater. As a result of representations of a committee of soldiers, sailors and marines protesting against the proposed performance, the mayor notified the theater management that the police would stop the performance if it should be attempted.

A. J. BALFOUR MAY RETIRE

British Foreign Secretary to Resign in Near Future.

London, March 11.—Arthur J. Balfour, British secretary for foreign affairs, will retire at the close of the peace conference, the Evening Standard says it understands. He will be succeeded by Earl Curzon, president of the council and government leader in the house of lords.

Republican Supporters Warn Opponents

BY ROBERT J. BENDER, (United Press Staff Correspondent.)

Washington, March 11.—Republican supporters of the league of nations headed by Ex-President William Howard Taft, are warning G. O. P. opponents of the Wilson covenant against a too rigid stand lest they endanger the party. It is now generally admitted that when the peace treaty comes back from France the league of nations will be part and parcel of it. The whole work of drafting the treaty in Paris has been built on the promise of a league of nations and practically every article in some way is applicable under the league rules. Hence if the treaty when completed fails of ratification in a republican senate, because the league of nations was a part of it, the whole work of drafting the treaty would have to be drafted over again, and the state of war would continue meantime as now.

MAIL MATTER SEIZED

Shows Anarchist Plot to Overthrow Government.

Solicitor General Lamar Says Plans Are on Foot to Start Bloody Revolution.

Washington, March 11.—A memorandum has been submitted to the senate propaganda committee by Solicitor General Lamar of the postoffice department stating that the I. W. W. anarchists, socialists and others were "perfecting an amalgamation with one object, the overthrow of the United States government, and the establishment of a bolshevik republic."

Mr. Lamar said his conclusion was based upon information contained in seized mail matter.

Accompanying the memorandum were several hundred excerpts from the mail matter. Mr. Lamar said this propaganda was being conducted with "such regularity that its magnitude can be measured by the bold and outspoken statements contained in these publications and the efforts made therein to inaugurate a nationwide reign of terror and overthrow the government."

Mr. Lamar said it was significant that this was the first time "in the history of the so-called radical movement in the United States that these radical elements have found a common cause (bolshevism) in which they can all unite." He referred particularly to the dissatisfied foreign elements as being active in the propaganda.

"The I. W. W.," said Mr. Lamar, "is perhaps most actively engaged in spreading this propaganda."

BY FRED S. FERGUSON, (United Press Staff Correspondent.)

Paris, March 11.—With the military terms adopted and rapid progress being made toward the completion of other provisions, it was learned today that the preliminary peace treaty may be ready to present to the Germans by March 20. From the greatest war maker in the world, Germany will be reduced to a military status lower than that of her smallest neighbor. She will be impotent even before little Switzerland. The conscription system will be knocked out by a twelve year enlistment requirement for the army which it is understood will be reduced to a hundred thousand men. What army she has will consequently be purely professional. The danger of Germany having four or five million trained men within the next ten years, which would have been possible through conscription, will be abolished.

All guns, munitions and equipment in excess of the amount necessary for her reduced army will be surrendered. It is understood also that the notorious general staff will be wiped out.

If any attempt is made to carry out the threat to refuse acceptance of the peace treaty and throw the country into chaos if the terms are too harsh, Germany will find the allies presenting a firm front.

Mondell Elected Republican Floor Leader

(By United Press.)

Washington, March 11.—Representative Frank Mondell, of Wyoming, was elected republican floor leader in the next congress, after Representative Mann, of Illinois had twice refused the nomination.

German Reciprocity

(By United Press.)

Berlin, March 11.—War Minister Noske issued a proclamation Sunday declaring anyone seen carrying arms excepting government troops would be shot immediately, says a Berlin dispatch today. As a result three Spartans were shot by government troops. In retaliation the Spartans killed three soldiers.

Rainbow Division Home in May

(By United Press.)

Washington, March 11.—The fighting forty-second or Rainbow Division made up of troops from almost every state in the union, will be back on American shores early in May, the war department officials said today.

The war department will relax its restrictions when the Rainbow troops arrive and permit the men to parade in their home towns because of its record in some of the bitterest fighting on the west front.

ATTACKS ARMY COURTS

Senator Chamberlain Says Many Sentences Are Unjust.

Declares Courtmartial Proceedings Assist in Making Anarchists of Many Youths.

New York, March 11.—Describing certain courtmartial sentences in the American army as "things that make Bolsheviki of our young men," Senator George E. Chamberlain, chairman of the Senate Military Affairs committee, sharply criticized courtmartial procedure in an address before the United League of America here.

"These sentences are imposed absolutely without any system as in the administration of the criminal laws of the land," he said, "and they are really imposed at the order of the commanding officer, because if the court makes a ruling which is unpopular with the commanding officer he will order the court reconvened and in some cases issues instructions to it."

Referring to long sentences which had been imposed for slight infractions of the rules, Senator Chamberlain said that these boys know that an injustice has been done them and it will not increase their respect for the government.

THINKS IRELAND CAN WAIT

Sir Horace Plunkett Says Home Rule Is Necessary.

Boston, March 11.—Sir Horace Plunkett of Dublin, in an address to the state senate today, said that self government for Ireland was necessary, but for the present it would be better for Ireland to remain a member of the commonwealth of nations known as the British empire.

Sir Horace said he believed a settlement of the Irish question would be reached presently and that the labor movement in England and other countries would have some influence upon the destinies of his country. "The Irish question," he said, "can be solved only by Irishmen in Ireland."

SATURDAY NIGHT IS LIMIT

Penalty Is Provided for Failure to File Income Tax.

Washington, March 11.—Warning was issued by Internal Revenue Commissioner Roper that persons who fail to file income tax returns before next Saturday night will be subject to prosecution. He called on honest taxpayers to aid in the roundup of slackers by reporting any information they might have which would assist in detection.

Those who merely neglect to file returns are subject on prosecution to a fine of not more than \$1,000, and those who "willfully refuse" are subject to fine of not more than \$10,000 or imprisonment for one year or both.

PRIZES IN LOAN CAMPAIGN

General Pershing Sends 85,000 Captured German Helmets.

Washington, March 11.—Eighty-five thousand captured German helmets, forwarded to the United States by General J. J. Pershing, were sold by the war department for \$1, the purchaser being Frank R. Wilson, publicity director of the Liberty Loan, who will ship the helmets from New York to district headquarters of the loan organization to be used as prizes for Victory Liberty Loan workers in the forthcoming campaign. The purchase was agreed upon after war department lawyers had declared it was legal for the government to give away any materials.

NAVAL BUILDING PROGRAM STOPS

Plans May Be Altered in Favor of Newer Type of Fast Battle Cruiser.

DANIELS HALTS WORK

Secretary and Three Technical Advisers Are Going to Europe to Gather Information From Experienced Officers.

Washington, March 11.—The entire battle cruiser program of the navy, involving an expenditure of nearly \$500,000,000, may be abandoned in favor of a new type of cruiser battleship. Secretary Daniels has ordered work suspended on the six 35-knot cruisers already authorized until a decision as to the future type of capital ship has been reached.

There is a wide difference of opinion among American naval officers as to whether the slow battleship and the fast cruiser, should not give way to a ship combining the power of the one and nearly the speed of the other, and because of this fact congressional committees have deferred action on six additional cruisers, until a full report on new types can be made by the department.

Daniels Going to Europe.

In order to gather information Secretary Daniels and three technical advisers will sail Saturday for Europe. They will be met overseas by Admiral Benson, chief of operations and Vice Admiral Sims and upon their return a general conference will be held at which a majority opinion of experienced officers will be worked out as to what types of capital ships should be built.

Work on the big ships is now only in the first stage as their construction was held up during the war so destroyers might be built. Recommendations of the Navy department that six additional battle cruisers be authorized were stricken from the naval bill in the last congress because of the disagreement between naval officers as to the kind of capital ships should be built in the light of the lessons gained in the war.

Secretary Daniels issued this statement:

"The conclusion relating to the type of capital ships resulting from a close study of naval activities of the present war, has created such a difference of opinion among naval experts that the secretary of the navy has directed the temporary suspension of the building of the large battle cruisers."

ROBINS REPLIES TO FRANCIS

Files Copies of Official Papers With Senate Committee.

Washington, March 11.—Raymond Robins of Chicago, former head of the American Red Cross mission to Russia presented to the senate propaganda committee copies of official documents to show that he was the recognized intermediary between Ambassador Francis and the Bolshevik authorities.

Mr. Robins, who reappeared before the committee at his own request after Mr. Francis had testified Saturday, also presented papers to show that the ambassador had agreed to recommend to the state department recognition of the Bolshevik government provided the Bolsheviks would continue the war against Germany.

MARSHALL FAVORS LEAGUE

Advises Adoption of Plan or Prepare for Next War.

Phoenix, March 12.—Voicing his personal preference to "eat a little dirt rather than to have another war" and declaring with regard to the league of nations that since the day of Washington's stand against entangling alliances "times have changed," Thomas R. Marshall, vice president of the United States, gave his views to a joint session of the Arizona Legislature.

Vice President Marshall asserted that America was faced with the choice either of joining in some plan to prevent future wars or of preparing immediately for the next outbreak.

MEDIATION BOARD FAVORED

Disputes Between Authorities and Companies Would Be Adjusted.

Washington, March 11.—Several government departments have under consideration the organization of a board to hear cases involving disputes over rates between local authorities and street car, gas and electric companies and other public utilities and to make recommendations. No legal power would be sought to provide for the carrying out of these recommendations, dependence being placed on moral influence.

The Chamber of Commerce rooms have been spoken for every evening this week up to Friday, March 14th.

The lighting system in the Chamber has been inspected, under the direction of the secretary and a number of changes made in order to hold the light bill down, as it reached unusual proportions during the last two or three months. 15 Watt lights have been installed so far as possible, instead of the 40 Watt lights previously used.

The retail prices of cigars has necessarily been raised, in conformity with the increase in wholesale prices and to conform with the retail prices charged by cigar dealers and restaurants in the city.

Twelve new applications will be voted on at the regular club meeting, Wednesday.

The committee on a suitable memorial of soldiers and sailors of the city and Crow Wing County met Friday evening, March 7th and perfected a permanent organization and considered several propositions. Details

of this meeting have been reported in the Brainerd Daily Dispatch. This committee will meet again a week from Friday to hear the reports of sub-committees.

The secretary has taken up with Mayor R. A. Beise, plans for a general "Clean-Up" week in Brainerd, to be held early in the spring with an idea of placing this city in not only a sanitary condition in every respect, but making it "the city beautiful" in reality and an attraction to the many tourists expected this year.

The committee on City Development will meet in the near future to plan a campaign for encouraging the beautifying of homes in Brainerd. Prizes for the best kept lawn and the largest degree of improvement in the home and surroundings will be offered. A report will be made later.

The bureau for securing employment for returned soldiers conducted by the Chamber of Commerce and the County Agent, jointly, have secured positions for five returned soldiers up-to-date. The committee can be assisted by anyone having employment to notify them of help needed.

The Retail Trade Committee has decided to conduct a free auction and market day in the interests of the farmer and the retail merchant early in April, the general sentiment of local merchants favors the proposition.

The Committee on Publicity has secured quotations from Houses dealing in booster envelopes and will be prepared to make a report at the Wednesday evening meeting.

The regular meeting of the chamber of commerce will be held Wednesday evening, March 12th at 8 o'clock, following the club dinner to be served at 6:15 sharp. Every member of the Advisory Board is urged to be present at this dinner and at the regular meeting, as matters of importance are to come up.

The secretary has taken up with the committee on Streets and Boulevards the matter of road improvement in the city of Brainerd during the coming spring and summer. We have been advised that the city will have considerable money to expend on roads, and it is the aim of the chamber to get behind this movement and urge something practical being done. Mr. Edward Crust, Chairman of the Streets and Boulevards Committee, will offer suggestions at the next club meeting.

At the Best Tomorrow
The noted Thomas H. Ince star, William S. Hart, in khaki! That in itself is something worthy of note. True, he only dons the uniform of Uncle Sam at the close of the new picture, "The Border Wireless," because from the start until the close, he has striven valiantly to gain that position of honor, striven hard against odds, branded as a bandit, the victim of Hun plotters—but finally he triumphs, wins his pardon, the girl of his choice, foils the spies and prepares to go "Over There" in defense of Democracy.

Howard E. Morton wrote the story and C. Gardner Sullivan's facile pen is responsible for the scenario. The plot of "The Border Wireless," which will be shown at the Best theatre tomorrow is concerned with German spies along the borders of Mexico, a hidden wireless, and a desperate attempt to notify the Hun leaders of the sailing dates of transports. A beautiful telegraph operator, played by Wanda Hawley, is the heroine, and is an admirable foil for the cold, stern, rugged Westerner. The support generally is excellent.

WOMEN BEGIN Y. W. C. A. FOREIGN TRADE COURSES

Courses in New York City Prepare
Girls for South American
Jobs.

Sensing a sudden call to jobs for American women in South America, the New York City Y. W. C. A. has opened Foreign Trade courses, including classes in shipping, filing orders, trade acceptances, tariff, consular invoices, documents, insurance, mail or order trade and other lines of international work hitherto left mostly to men. These classes are designed to meet after-war needs.

South America is receiving particular attention as the Y. W. C. A. is informed of new jobs that are opening in the southern countries. Many girls in New York who combine a desire to see the world with a craving for financial independence are registering with the expectation of going there to get positions when their courses in training are completed.

M. J. Moore Files for Trustee, Wm. Maley and C. J. Rathvon for Clerk, A. J. Cowling Treasurer

Nobody is After Assessor

Nor Deerwood Justice of the Peace—O. E. Cunningham has Filed for Constable

Deerwood, Minn., March 10.—Politics is slow in Deerwood, there being but few filings to date. A. W. Miller, secretary of the Cuyuna Range Power Co., has filed for mayor. M. J. Moore is the only one filing for trustee. For village clerk there are two contestants, Wm. Maley and C. J. Rathvon. Mr. Maley is the present clerk and Mr. Rathvon at one time was assessor. The job of assessor is not attractive, it seems, to Deerwood villagers, as no one has filed to date. For constable O. E. Cunningham has filed.

WHERE SOLDIERS' MONEY IS SPENT

(By Overseas Camp Dodge
News Service)

Gondrecourt, France (Special by Mail)—The 25,351 men of the Eighty-eighth division were paid \$550,000 or 3,000,000 francs on January's payroll. They were all paid by Feb. 8. This is an average of a little less than \$22 or 118 francs per man.

Of this, it is estimated that the men will spend 60 per cent—\$13 or 60 francs per man—with the French merchants. That is, about \$230,000 or 2,000,000 francs will be spent in the Gondrecourt area by the Eighty-eighth.

This estimated amount does not include what the 1,100 officers of the division will spend. They draw about \$125,000 a month, after all allotments, etc., are taken out. It is estimated that they spend practically the same proportion as the enlisted men.

Estimated statistics from the records of the divisional paying officer, Major Mears, and A. P. O. 795 show that the men are saving more money this month than ever before. Three months ago, the major estimates, the men were spending about 80 per cent of what they drew. About 60 per cent, a decrease of 20 per cent, is what he figures at the present rate.

This saving streak is shown by the increased number taking advantage of the savings system of the army. Soldiers can deposit money with the government at 4 per cent, the total to be paid when they are discharged. During the first week in February more than \$5,000 was deposited with Major Mears. The best previous monthly record was only about \$2,000.

Another indication of the thriftiness of the men is shown by the money order department of the post-office. One man is kept busy all day long making out orders which range from a few to several hundred francs.

During the first eight days of February nearly \$12,000 was sent home by the men. This is a new record for a like period of time. On Feb. 3, orders for \$3,218.66 were made out.

Many of the men, who received orders from the folks at home, have sent them back in the next mail. This is considered by the postoffice force to be the surest sign that the men are keeping within their pay and are not spending so much.

Most of the money being spent is for souvenirs. French articles are not so much in favor as they were as the men are now able to secure many war souvenirs like shell vases, guns, helmets, etc. These are being shipped home by the truckload every day.

French mechanics are turning their energy into making vases, ink stands, reading lamps and other useful as well as ornamental souvenirs. These the boys are purchasing with a free hand.

Each New Day Brings
a Better Maxwell

MOST anyone would think that after building 50,000 motor cars on one chassis plan that close on to perfection would be reached.

That is true in a large measure; but it happens to be only the point at which the Maxwell executives began.

They decided to keep on building Maxwells better and better as each new day went by.

The locomotive engineer drives his engine better every day. The banker who loans money does so with more and more judgment. The man at the forge—likewise.

This is the principle on which the Maxwell is built. It is not new in the business world. But it is sound.

And today, with 300,000 Maxwells built on this plan, anyone will readily understand—

Why a Maxwell runs on and on and never quits with age;
Why a Maxwell seldom turns in at a repair shop;
Why a Maxwell is so eagerly sought for in the second-hand market.

One of the last of more than 1000 improvements made since the first Maxwell was built is the appearance.

Let your eyes glance over this present day Maxwell and you'll think the price \$200 more than we ask for it.

FAT WOODS GAINS PUBLICITY FOR CITY

"A Big Contract" When Fat Was
Hired by Chaplin

Fat Wood, who plays opposite
Charlie Chaplin, as they say in move-
ie language, continues to gain pub-
licity for Brainerd and the Elks.

The "Exhibitors Herald and Mo-
tography," published in Chicago, un-
der date of March 8 publishes Fat's
picture and Charlie Chaplin with
this story below: "Chaplin's New
Assistant. Thomas Alexander Wood,
who has just signed a contract to ap-
pear opposite the comedian. Charles
is on the right." Charlie with his
hat on reached just to Fat's armpit.

"Wid's Daily," a motion picture
paper published in New York, under
date of March 7 publishes this about
"A Big Contract":

"Charlie Chaplin has just signed
the biggest contract of his career.
He has engaged Thomas A. Wood,
weight 502 lbs. to play opposite
him—not on him.

74 inches is the trip around his
waist line, one leg of his pants
would make a suit of clothes for a
man of ordinary size, he wears a
size 21 collar, a 13 shoe, an 11
glove, and he is two inches short of
six feet around the chest, with an ex-
pansion of six inches.

He is also the largest Elk and is a
member of Brainerd, Minn., Lodge
No. 615."

CHAMBER COMMERCE DINNER AND MEETING

To be Held Wednesday Evening,
March 12—Club Meeting Follows
Shortly After Dinner

DINNER TO BE SERVED AT 6:15

Members Urged to Attend to Learn
What the Club is Doing and
Participate in Activities

Plans for the Chamber of Com-
merce dinner and meeting to be held
Wednesday evening, March 12th,
were completed by the House and
Social committee at a special meet-
ing called by Chairman Peterson on
Monday night. The committee plans
to serve a very substantial dinner
and the prospects for a big attend-
ance seem bright, as spring is ap-
proaching and the club will probably
not hold many dinners or social af-
fairs after April.

The menu for the dinner will con-
sist of baked pork and beans, hot
weiners, brown and white bread, but-
ter doughnuts, coffee, sugar and
cream and there will be plenty of
food for all who attend.

Important Meeting
Immediately after the dinner, the
regular club meeting will be held
and a number of reports are to be
made and new business to be consid-
ered. Owing to the amount of busi-
ness to come before the club, it has
been decided not to have a speaker
for the evening, but the secretary is
arranging for a special meeting in
the near future, at which matters of
club importance will be thoroughly
discussed by men well posted on the
subject.

Be Prompt

The dinner will be served prompt-
ly at 6:15 and in the good old, fash-
ioned way the club has adopted of
passing by the serving table and be-
ing helped by different members of
the house committee. Chairman Pe-
tersen has delegated the work to dif-
ferent members of his committee in
a systematic manner and there will
be no delay in serving nor will there
be any lack of food. Members are
urged to make it a point to at-
tend this dinner, as it is very im-
portant and all new members or pro-
spective members are cordially invited
to be present. In order to learn just
what the club is doing and to par-
ticipate in its activities.

BROTHER KILLED IN WARFARE

Corporal George S. McDonald, U. S.
M. C. Instantly Killed in Ac-
tion Sept. 15, 1918

BROTHER OF MRS. F. E. EBNER

Son of Mrs. Helen McDonald—He
Served in Marines in the St.
Mihiel Sector

Corporal George S. McDonald, of
the Marines, was instantly killed in
action on Sept. 15, 1918 in the St.
Mihiel sector in France. He was the
son of Mrs. Helen McDonald and a
brother of Mrs. F. E. Ebner.

In a letter to his mother, Capt.
Gaines Mosely writes from Coblenz,
Germany, under date of Feb. 2, that
"Corporal McDonald was a fearless
soldier and he was held in the high-
est esteem by the officers and men
of the 47th company, who all knew
him very well. At the end of a long
hike and even under the most trying
conditions in line, he was always of
the same good humor and ready to
tell a funny story and cheer the
younger inexperienced soldier along.
This is a rare quality in a soldier
and made his services as noncommis-
sioned officer of great value."

"The officers and men of the 47th
company extend to you their heart-
felt sympathies over the loss of your
son, heroically killed in action, and
the Marine Corps loses an honest,
faithful and brave soldier of most
excellent character."

BRAINERD'S ODDEST STORIES OF TODAY

It takes the younger genera-
tion to get the advertising for
Brainerd. Who has given the
town as much mention as Joe
Buller Bush? And again who
is boosting for the town like
Fat Wood? And in Nonpartis-
an circles in the Dakota's
young Wilfred Canan, Brainerd
cartoonist, is doing the legis-
lature in pen and ink and the
people who have never heard of
Brainerd are getting acquainted
with the town. In predicting
Bush's advent as a world series
pitcher the Duluth Herald
sporting editor hopped on the
Dispatch reporter for his wild-
eyed optimism. Later he beg-
ged pardon when the returns
came in and Bush beat New
York in that memorable world
series battle. Take Fat Wood,
every more of Fat has been
faithfully pictured in the Dis-
patch. And with Billiecan, his
first pictures came to the atten-
tion of the world on the occa-
sion of the Elks state conven-
tion in Duluth when the Dis-
patch reporter had a bushel of
them in the Herald and Tribune
of Duluth. Brainerd's delega-
tion of 100 Elks had more men-
tion day by day during that
convention than St. Paul which
came in a special train.

Switch engine No. 47 had
some fine trouble and was sent
to Doc Canan to be fixed up.
Engine No. 1030 took her place
in the yards today, but did not
seem to be steaming up as chip-
per as she ought to.

"Fat is making good," said his
father, William Wood. "He
hasn't written home for a bit
of money so far," said dad.

Italian Government Receipts.
Rome, March 11.—Italian govern-
ment receipts for the first eight months
of the fiscal year were in excess of the
amount of the budget for the entire
year by \$50,000,000. The receipts to
Feb. 28 were \$200,000,000, represent-
ing an increase over the same period
of last year of \$100,000,000.

Ottawa, March 11.—John J. D. Reid,
minister of railways, has been ap-
pointed receiver of the Grand Trunk
Pacific railway.

Barrel of Naphtha Explodes.

Worcester, Mass., March 11.—One
man was killed and four injured here
when a barrel of naphtha exploded in
a building attached to the plant of
the Baldwin Chain & Manufacturing
company.

Nov. 11 Holiday, New York Plan.
Albany, N. Y., March 11.—A bill de-
signed to make Nov. 11 a holiday
known as "Peace Day" has been in-
troduced in the New York state leg-
islature.

Letter Boxes in the Heights.
In the Alps there is one letter box

above the sea level from which there
are collections four times a day. There

vation of between 6,000 and 7,000 feet.

25 YANK BATTLE TANKS TO RUMBLE

Helped Crowd Germans Across the
Rhine, to be Used in Victory Lib-
erty Loan Campaign

WORK ON REGULAR SCHEDULE

Will Give Citizens of the Ninth Dis-
trict a Closeup View of an Ef-
fective War Engine

Minneapolis, March 11.—Twenty-
five American battle Tanks that
helped crowd Fritz back across the
Rhine are on their way to Minnea-
polis and will rumble all over the
Ninth District during the coming
Victory Liberty Loan campaign that
opens next month.

After being received in Minneap-
olis the little land dreadnaughts will
be oiled up, tested out and then dis-
tributed to various parts of the dis-
trict.

A. R. Rogers, chairman of the
Ninth District War Loan organiza-
tion plans to put about four tanks
in each of the states of the territory.
They will be stationed in the larger
towns, and working on a regular
schedule, will radiate in all directions
spreading the gospel of the "finish
the job" campaign.

The men who will man the tanks
are all members of the American
Tank corps and practically all of
them have seen service on French
battlefields.

On country roads in all parts of
the district the tanks will travel and
give citizens of this section a close-
up view of the most effective engine
of war that the Great War develop-
ed.

Although they weigh seven tons
apiece, the tanks are as easily man-
aged as the smallest motor car.
They can turn around on a pivot,
climb hills at an angle of forty-five
degrees, swim rivers and hurdle ditches.
On roads that are impassable
to ordinary vehicles, the Tanks are
perfectly at ease.

MAKES STATEMENT WHEN IN BEMIDJI

Indian Agent W. J. Johnson Declined
to Talk in Brainerd About
Alleged "Riot"

U. S. MARSHAL NOT TALKATIVE

Indian Agent Makes Public Warrants
Charging "Interference with
Officer Making Arrest"

At Brainerd, when Indian Agent
W. J. Johnson of Bemidji was ques-
tioned about the so-called "riot" al-
leged to have taken place when he
arrested a man on a train landing in
Brainerd, he refused to make a state-
ment.

The deputy United States marshal
did not desire to make public any
warrants he was serving.

At Bemidji, Indian Agent Johnson
has made public his side of the case
and the following is taken from a
story with a Bemidji date line ap-
pearing in the Duluth News Tribune:
Alleging that he was interfered
with by certain persons at Brainerd
when he attempted to make an ar-
rest of a suspected violator of the
liquor laws, Indian Agent W. J.
Johnson of this city has sworn out
and caused to be served nine war-
rants against alleged participants in
the so-called "riot."

Those arrested by United States
Marshal Frank Tufts are: Paul Shipp,
Ervin C. Sheets, Peter Goedert, Geo.
Sylvester, Irvine O'Neil, Archie Syl-
vester, James Cuddihy, Alfred G.
Mraz and Fred L. Sanborn. They
will be given a hearing before a United
States commissioner at Brainerd
on Wednesday.

Johnson alleges that when he at-
tempted to make the arrest at Brainerd
he was "mobbed" and that al-
though he succeeded in getting his
man to jail after a stiff battle with
the prisoners and the crowd that the
"rioters" followed him to the jail and
again to the depot when he took his
prisoner out on a northbound train.
Johnson specifically charges "inter-
ference with an officer making an ar-
rest."

TOWNSHIP ELECTION BEING HELD TODAY

Ironton Village Voting on Issuing
\$75,000 Bonds to Cover Out-
standing Orders

NO ASSESSOR IN DEERWOOD

Oak Lawn Township with Two Farm-
ers and a Mining Ticket in the
Field Today

Throughout Crow Wing county as
well as the rest of the state town and
village elections are being held today.
Short reviews are given below. The
vote will run high as the weather is
ideal, warm and sunny.

Crosby
Two tickets are represented, the
candidates being:

President—Harry Koop and Louis
O. Berg.

Trustee 3 years—E. A. Romain,
Harry Benson and Wm. Johanson.
Clerk—H. L. Nicholson.

Treasurer—H. H. Garceau.
Judge of Municipal Court—E. R.
Smith and B. J. Johnson.

Assessor—Ed Lovdahl and Richard
Johnson.

Justice of the Peace—R. A. Welsh.
Constable—C. L. Hammett.

Trommald

President—Ray Warren and O. A.
McCoey.

Trustee 3 years—Jack McCarthy
and J. C. McCullough.

Trustee 2 years—Geo. Raymond,
Joseph Frazer, R. E. Ober and Jack
Carson.

Clerk—R. G. Harte.

Treasurer—W. Stearns and Robert
Archibald.

The village election at Trommald
is an exciting one and the town is
just boiling over. The town was ex-
pected to cast the normal vote of
sixty. At noon 70 votes had been
cast. The two tickets are getting
every voter to the polls and a vote
of 100 is expected.

Legal talent employed by both
sides, Judge Walter F. Wieland of
Brainerd, and Thomas W. Beare of
Ironton, is scanning every vote. Ev-
ery voter is being sworn in.

The League of Nations

The hope that townships in their
election were to express their senti-
ment on the League of Nations will
probably not be realized in Crow
Wing county, for many have paid no
attention to it, being more intent on
settling roads and poor funds than
international politics.

Ironton

Ironton will vote on \$75,000 bonds
to take up outstanding village orders.
The big contests center about clerk
and treasurer. Here are the nomi-
nees:

President—E. R. Burns.

Trustee—Arthur Johnston and Dan
Cashen.

Clerk—Ted Grimstad, Howard Olts
and Harland Stetson.

Treasurer—A. Romer, E. H. Leh-
rke and E. R. Sandstrom.

Justice—W. H. Ogden.

Assessor—Myron Dupey and Ed.
Lamb.

Deerwood

At the village of Deerwood there
is no contest. Nobody wanted to run
for assessor. Here are the nomi-
nees:

President—A. W. Miller.

Clerk—Wm. Mailey and C. J.
Rathvon.

Treasurer—A. J. Cowling.

Trustee—H. J. Moore.

Constable—O. A. Cunningham.

Manganese

Two tickets are in the field in Man-
ganesse with these nominees:

President—Dave Ganaway and D.
A. McBride.

Trustee—Wm. Daly, Chas. Friesberg
for two years and Walter Laurel and
Jas. Philippi for three years.

Clerk—Ray Foote and Ivan C. Dim-
mick.

Treasurer—Ed Lockwood.

Assessor—Thos. Bailey and P. M.
Henry.

Cuyuna

In Cuyuna the ticket seems short
president, trustee, justice and con-
stable. These are nominees:

Clerk—O. W. Peterson.

Treasurer—L. G. Aker.

Assessor—B. Zucco.

Riverton

Riverton has two tickets out with
these nominees:

President—E. Whitmore and J. B.
Herbert.

Trustee—Tom Armistuer, A. B. An-
drews and W. Williams.

Clerk—Wm. Barron and James
Stolsted.

Treasurer—M. Donahue.

Oak Lawn

Oak Lawn township east of Brainerd
is reported to have two farmers'
tickets from the south end of the
township and a Woodrow mine tick-
et in the field. Voting in the morn-
ing was slow at the town hall.

ROLL OF HONOR

In a postal to his father, J. H.
Roderick of 702 South Seventh
street, Private Ira Roderick writes
he is stationed at Conde-en-Barrois
in France, and is in good health. He
is in Co. G, 313th U. S. Infantry, A.
E. F.

Word has been received that Geo.
Mantor has arrived in New York
from overseas.

The casualty rolls continue to be
made public. Private George A.
Hodgeson, in the infantry in France
died of bronchial pneumonia Oct. 11,
was the message received by Sam
Parker from Adjt. Gen. Harris. Private
Hodgeson was raised by Mr.
Parker and was his nephew. The
message corroborated the death news
received last October when the Red
Cross and captain of Hodgeson's
company both notified Mr. Parker of
the boy's death.

Corporal Wm. V. Turcotte is now
in Bordeaux, France. In a postal to

missioned an ensign in the navy and
given ten days furlough and is visit-
ing in the city. He returns to New

Step Higher Up.

If all our actions and motives in
daily life could be actuated by a sub-
conscious and all-pervading idea of
fitting ourselves as we go along step
by step for figurative letters of recom-
mendation as to our ability to capably
hold the next trench ahead, how surely
would our foes of sickness, dilatoriness
and incompetence be routed.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

OLD PAPERS—5c BUNDLE

COURT UPHOLDS DEBS' SENTENCE

Conviction of Socialist Leader Sustained Unanimously by Highest Tribunal.

MUST SERVE 10 YEARS

Constitutionality of Enlistment Clause of Espionage Act of 1917 Is Upheld by Decision—Convicted on Ohio Speech.

Washington, March 11.—The conviction of Eugene V. Debs, Socialist leader, found guilty of violating the espionage act through statements made in a speech at Canton, Ohio, last June, and sentenced to 10 years in prison, has been sustained by the supreme court.

In deciding the case the court in effect upheld the constitutionality of the so-called enlistment section of the espionage act of 1917. Debs had contended that this violated the constitutional right of free speech.

Court Ruling Unanimous. The opinion of the court was unanimous.

As in the case of the espionage cases decided last week the supreme court in its opinion again made no specific ruling upon the constitutionality of the espionage act as a whole. The court based its opinion largely upon the part of the indictment charging obstruction of recruiting service, which was unanimously upheld.

Convicted Last Year.

The arrest of Debs took place June 30, 1918, at Cleveland, Ohio. He had been indicted for violating the espionage act by his speech at the Ohio socialist convention at Canton about two weeks before. He was tried in federal district court at Cleveland, before Judge D. C. Westenhaver.

Debs was indicted on four counts, charging him with the following acts: "Caused and attempted to incite insubordination, disloyalty and mutiny and refusal of duty in the military and naval forces of the United States."

"Obstructed the recruiting and enlistment service."

"Provoked, incited and encouraged resistance to the government."

"Opposed the cause of the United States war with Germany."

Free Speech Plan Fails. Debs, testifying in his own defense, admitted saying the things attributed to him, and relied solely on the constitutional guaranty of free speech.

"I have no dispute with the evidence presented by the government," he said. "I would not take back a word of what I believe right to save myself from the penitentiary."

"I deny nothing, I repudiate nothing, I retract nothing."

The jury found Debs guilty on three of the counts, and Sept. 14 sentence was imposed by Judge Westenhaver. He gave Debs 10 years on each of the three counts, but made the sentences run concurrently.

"I do not regard the idealism of the defendant as expressed by himself as any higher, purer, nobler than the idealism of thousands of young men I have seen marching down the streets of Cleveland to defend our country," said the judge in imposing sentence.

TO TRY GERMAN OFFICIALS

Peace Treaty Likely to Call for Surrender of Officers.

Paris, March 11.—The preliminary peace treaty, it is reported, probably will include a clause requiring Germany to turn over all officials found responsible for war crimes, to be tried by an international tribunal. If there is no other alternative, it is understood an international indictment will be published, branding Wilhelm as the world's greatest criminal, his punishment being limited to this historical document.

FOES EXPECT MEETING SOON

Preparing to Leave Berlin for Paris About March 19.

Berlin March 11.—Preliminary peace negotiations may begin at Versailles about March 20, according to reports in circulation here. Count von Brockdorff-Rantzau the foreign minister, is arranging for a small party of prominent business men to accompany the German commissioners as experts.

These men have been instructed to hold themselves in readiness for possible departure March 17 or March 19.

ENORMOUS NATIONAL DEBT

Britain Owes \$29,605,479,095, Compared to \$3,530,770,550 in 1914. London, March 11.—A white paper issued showed the national debt on March 31, 1918, was \$29,605,479,095, compared with \$3,530,770,550 at the corresponding date in 1914.

Want National Strike. San Francisco, March 11.—Commercial telegraph operators of the district council, at a meeting here, adopted unanimously a resolution calling upon S. J. Koenekamp, international president, to order a vote on a national strike to enforce the demand that Postmaster General Burleson recognize the telegraphers' union. This announcement was made by P. C. O'Connor, president of the local district council, who added that the action was in line with that being taken in other cities.

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one.

because it is apparent that it is not due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, an active digestion. A body free from pains and aches comes with a tonic known for over fifty years as the best "temperance" tonic and nerve for woman—namely, Dr. Pierce's Favorite Prescription. It can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract is important. Take castor oil or select a vegetable pill. Such a one is composed of May-apple, leaves of aloe, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Pellets.

U. S. FIGHTERS IN CLASH

Mixup With London Police During Riot Over Street Arrest.

Two Soldiers Severely Beaten As Result of Crag Game—Army and Navy Inquiry Planned.

London, March 11.—During a street battle between London police and soldiers and sailors, Corporal C. R. Zimmerman and Private L. N. Wilson, American military policemen, were injured, but are resting easily at a hospital.

The trouble began when Zimmerman and Wilson demanded that the civil police turn over to them two American sailors who had been arrested in the vicinity of Eagle hut on a charge of playing craps. The argument grew bitter and finally the policemen drew their batons, and severely beat both soldiers.

American, Canadian, Australian and a few British soldiers who were lounging near protested and followed the policemen with the four Americans to the Bow street police headquarters. The crowd grew less demonstrative after the officers and their prisoners had entered the building, but an unfounded report that Zimmerman was dead led to threats to storm the station.

The police charged on the crowd and William Van Sice and Edwin Rodland were injured. An American military officer arrived at the station soon after and demanded possession of the four men injured in the first melee, his demand being granted. A number of uninjured men were arrested, but no charges have been preferred against them.

It is expected that a joint army and navy board will conduct an investigation.

Meat: Russia and the Allies

Russia crumbled away and failed the Allies largely through lack of food, according to an American eyewitness.

With plentiful reserves and resources virtually untouched, her people starved at home and at the front because there was no adequate organization to place food where it was needed.

Animals on the hoof were shipped thousands of miles to the various fronts, wasting transportation facilities required for other purposes. They arrived shrunken and emaciated, to be killed and dressed amidst filth and confusion behind the lines. Half of those brought from Siberia, it is said, perished on the way; many more were unfit for food.

On the other hand, the American packers turned live stock into meat in large sanitary plants located in the producing sections, and shipped the product under refrigeration so that it reached the trenches in France in perfect condition, without waste.

Says Our Authority:

"Had such facilities for cold storage transportation been available to the Russian supply committee as were placed at the disposal of the quartermaster of the United States by Swift & Company, there might have been a different story concerning Russia's part in the final drama of the war."

A large-scale packing industry would be an asset to Russia, in war or in peace, as it has proved to be to the United States.

The cost of this large scale industry in the form of profits is only a fraction of a cent per pound of meat.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.
